

# Location Frankfurt

Travelling by rail, by air and by car

**BOSCH**

## By rail

For long distance travel, 10 of the 22 ICE lines call at the station, as well as 6 of the 10 ICE Sprinter lines. To ease the strain on the central station, some ICE lines now call at Frankfurt Airport station and at Frankfurt (Main) Süd instead at the central station.

Up-to-date information on local transportation schedules and prices is available at [www.bahn.de](http://www.bahn.de)

## By air – Frankfurt am Main airport

Taxis are available from outside the terminal. Alternatively you can take the subway located at Terminal 1. From Line 1 you may take any train or urban railway (S-Bahn) to Frankfurt Central Station (Frankfurt Hauptbahnhof). From the Central Station take S7, S8, S11–13 or S15 to Galluswarte station. Get off and take the tram no. 11 to Schwalbacher Str. Walk down the street for a couple of minutes. Turn left at the junction with Lahnstraße and straight ahead you should spot our headquarters.

## By car

Underground parking spaces are available for our visitors and customers.
