

# Location **Manila**

Travelling by rail, by air and by car

# BOSCH

## By rail

The fastest and the cheapest way to getting around in Manila is through LRT system. Run by Light Rail Transit Authority (LRTA) LRT has two lines. LRT 1 runs along Taft Avenue from Baclaran in Paranaque to the Bonifacio Monument in Kalookan city. While LRT 2 runs from Santolan in Pasig to Recto in the center of downtown Manila.

Up-to-date information on local transportation, schedules and prices is available at [www.lrta.gov.ph](http://www.lrta.gov.ph)

## By air – Ninoy Aquino airport

Taxis are available from outside the terminal. It is recommended to only take a taxi with a Department of Tourism (DOT) accreditation. To avoid any sort of inconveniences, you may wish to book a taxi at one of the taxi desks before leaving the airport. Alternatively you can take the airport bus that runs to Metro Manila.

## By car

Parking spaces on the lower floors of the building are available for our visitors and customers.
